Opening of New Telephone Exchanges and Post and Telegraph Offices in Madhya Pradesh

429. SHRI DILIP SINGH JUDEV: Will the Minister of COMMUNICATIONS be pleased to state.

(a) the number of posts and telegraph offices and telephone exchanges opened in Madhya Pradesh. District-wise during the Seventh Five Year Plan;

(b) the number of posts and telegraph offices and telephone exchanges proposed to be opened during the Eighth Five Year Plan and targets thereof in 1993-94 and 1994-95 in each district district-wise particularly in Jaspur, Raigarh and Chhatisgarh area; and

(c) if so, the details thereof?

THE MINISTRY OF COMMUNICATIONS (SHRI SUKH RAM): (a) District-wise details of the number of posts offices telegraph offices and telephone exchanges opened in Madhya Pradesh during the Seventh Five Year Plan are given at Statement I and II respectively (*See* below).

(b) and (c) District-wise details of post offices opened in the first two years of the 8th Five Year Plan i.e. 1992-93 and 1993-94 as on date are also given at Statement I (*See* below) Targets for opening post offices are fixed Regionwise taking into consideration various factors especially the availability of resources. Target for 1994-95 has not been fixed yet.

As regards telegraph offices, there is no proposal to open independent telegraph offices during the Eighth Five Year period as all district headquarters in Madhya Pradesh have been provided with independent telegraph offices. However, it has been decided to expend telegraph facility on phonocom basis to long distance public telephones (LDPTs) to rural areas. The number of such LDPTs targeted for the 8th Five Year Plan is 29,450. District-wise targets for 1993-94 and 1994-95 including those for Raigarh district and Chhatisgarh area, are given in Statement II (*See* below). Since Jaspur is only a Tehsil headquarters it is being provided telegraph facility through a combined P. and T. office.

In respect of telephone exchanges, it is proposed to add around 4.30 lakhs net switching capacity in Madhya Pradesh during the 8th Five Year Plan based on the demand projections. Forecast of the number of telephone exchanges to be set up during the 8th Plan period cannot be made due to sudden changes in Technology and demand uncertainity. The location-wise expansion programme is planned on an year to year basis depending upon the avaiability of resources. Targets for 1993-94 and proposals for 1994-95, district-wise, for opening of telephone exchanges are given in Statement II.

Statement-I

Details of number of post offices opened in the 7th Five Year Plan and post offices opened during the Eighth Five Year Plan in Madhya Pradesh, District-wise.
